It offers multifaceted career opportunities for outstanding investment talents.

AIM provides the perfect opportunity to embark on or continue your international career. AIM continues to grow and supports its employees to do the same. We believe that work should be rewarding, and that good work should be rewarded. We offer opportunities and strive for excellence. And our actions are guided first and foremost by high ethical standards and our sense of commitment to society.

Job purpose/role

As an integral part of the Financial Control department at Allianz Investment Management SE (AIM) you will be supporting and learning from the global investment analytics team. This is an exciting opportunity to learn and develop with an international team of professionals.

Key responsibilities

- Support the monitoring and reporting of a ca. EUR 700bn investment portfolio
- Support various internal projects concerning the data analytics and investment monitoring
- Ad-hoc requests (e.g. portfolio and data analysis, capital market research on Bloomberg)

Key requirements / Skills / Experience

- Academic background: Master student in business mathematics, applied computer science, data science or finance
- Excellent team player who enjoys working in an international environment
- Genuine, demonstrated interest in data analytics, capital markets and investments
- Strong analytical skills, attention to detail, with a willingness to learn and ask questions
- A quick learner who can work independently and proactively
- Previous working experience (e.g. internship in banks, asset managers, insurance companies and IT firms) would be a plus but not necessary

Additional Information

In order to consider your application properly, we kindly ask for the following documents from your side: CV, Cover Letter, Employer testimonials / references or recommendation letters (if any), University grades/transcripts of records and high-school transcript (if possible) and your current Certificate of enrollment. Please upload these documents when applying for the role.

Internship entry date: June/July 2024, ideally the internship lasts 4-6 months and you must be registered as a student for the entire duration of the internship.
