HHK is a boutique consultancy specializing in the acquisition and transformation of mid-sized assets, especially for the Private Equity industry. We are seeking a highly motivated and skilled working student with a strong business mindset to join our team and support our projects in the field of Private Equity and Strategy Consulting. This is an excellent opportunity for a student who is interested in a Private Equity or Strategy Consulting career and wants to gain valuable experience and insights in a rewarding and demanding client setting.

### Responsibilities:

- Conduct research using AI-based tools and techniques
- Analyze new, future, and digital business models and scaling strategies
- Model market and company financials and prepare presentations
- Support project management and client communication
- Contribute to the development of new business opportunities

### Requirements:

- Currently enrolled in a Master's degree program
- Familiarity with AI-based research, BI tools and Google/MS Office Suite
- Strong analytical and problem-solving skills
- Excellent written and verbal communication skills in English (German or French is a plus)
- Ability to work independently and as part of a team
- Finisher mentality with the attitude to meet deadlines and deliver high-quality results

### We offer:

- A dynamic, challenging, and rewarding work environment with direct client exposure
- Exposure to a wide range of projects in the private equity industry
- Opportunities for skill development and career advancement, incl. mentoring for a career in Private Equity and Strategy Consulting
- A competitive salary and flexible and remote working times, ideally demand based ~20 hours per week
